To Whom It May Concern:

I am writing on behalf of my patient, Ms. Mary e Fordyce (DOB: 17/04/1966). I am Tina Logan, a Licensed Marriage and Family Therapist (License # MFT-46136).

Ms. Fordyce is under my care for a diagnosed mental health disability that substantially limits major life activities.

To mitigate the functional limitations of her disability, she utilizes her dog, Bernie, a 23 lbs Mixed Breed. Bernie is a Psychiatric Service Dog trained to perform specific tasks, including:

- Interrupting anxiety and panic attacks through targeted tactile stimulation to re-orient her and reduce severity.
- Providing Deep Pressure Therapy (DPT) during episodes of sensory overload to ground her and alleviate physiological symptoms.
- Disrupting dissociative episodes by engaging with her to prompt a return to present awareness.

Due to the nature of her disability, these trained tasks are required for Ms. Fordyce to manage her symptoms and function in public settings and within her home. Bernie accompanies her to mitigate her disability as prescribed by her treating mental health professional.

This letter confirms that Ms. Fordyce has a qualifying disability and that Bernie is a necessary accommodation as her Psychiatric Service Dog.

Sincerely,
Tina Logan, LMFT
Calif. Lic. 46136 (562) 376-0618
