To Whom It May Concern:

I am writing on behalf of my patient, Ms. Valentina Arango Low (DOB: 08/28/1997). I am Tina Logan, a Licensed Marriage and Family Therapist (License # LMFT-46136).

Ms. Low is under my care for a diagnosed mental health disability that substantially limits major life activities.

To mitigate the functional limitations of her disability, she utilizes her dog, Lino, a Lagotto Romagnolo. Lino is a Psychiatric Service Dog trained to perform specific tasks, including:

- Providing comfort during moments of anxiety or panic, which helps reduce stress and restore a sense of calm.
- Offering grounding presence when she feels disconnected or overwhelmed, bringing her focus back to the present.
- Giving emotional reassurance and companionship, which eases loneliness and creates a feeling of safety.

Due to the nature of her disability, these trained tasks are required for Ms. Low to manage her symptoms and function in public settings and within her home. Lino accompanies her to mitigate her disability as prescribed by her treating mental health professional.

This letter confirms that Ms. Low has a qualifying disability and that Lino is a necessary accommodation as her Psychiatric Service Dog.

Sincerely,
Tina Logan, LMFT
